

# Suspensions Come Fast Among Basketball Men

## Six More Prominent Players Threatened With Disqualification—Dr. Grant Visits Wash- ington and Investigates Situation.

Developments are following thick and fast in the tangle in amateur athletics resulting from the protest of basketball players.

At pointed out in The Times yesterday, the row is apt to affect the standing of nearly all the good athletes in Washington, and this prediction received support when it was learned this morning that charges involving suspension are to be preferred against Schlosser, of the Y. M. C. A.; Cullin, of Carroll Institute; Wilkinson, of the Columbia Athletic Club; and Shedd, Wallace and Morlarity, of Company A, Washington Light Infantry.

The suspension of these men, with others which are almost sure to follow, will bring about chaos in local basketball and will practically wipe the present organizations off the map, for so many of the best players have already been put under the ban that each team will have to play quints of substitutes and second team must be used. The suspensions apply not only to basketball, but to all other sports, there will be serious complications when the indoor and outdoor track and field meets are held.

Dr. Grant Here.

Dr. William Grant, chairman of the registration committee of the South Atlantic Association of the A. A. U., was in Washington last night, and the charges against the above named men were laid before him. He told the accuser to make the charges in writing and they would then be given prompt attention. The man with the grievance promised to follow this course in the next day or two.

Dr. Grant's visit yesterday was due to the local disturbances, which have been growing worse for the past few weeks, and he wanted to gather a few first hand impressions of the situation. He has stated a number of times, and clearly proved by his actions, that in all except the most exceptionally flagrant cases he was willing to let the dead bury its dead and start with a clean sheet, but when protests were made he had to recognize them and suspend men sometimes against his own wishes.

Must Stop Roughness.

While in Washington Dr. Grant also took occasion to investigate the rough playing in the basketball game between the Y. M. C. A. and Carroll Institute at the Y. M. C. A. gymnasium on last Saturday night. The game was one of the roughest ever seen here and at one time blossomed forth as a free for all fight, with everybody on the floor taking part, and the spectators trying to butt in. This frenzied incident came right on top of a warning which Dr. Grant had issued through The Times about the dangerous tactics prevalent in basketball, and aggravated the case. The doctor was outspoken last night in his strictures upon the disorder and stinging on Saturday and expressed the opinion that the members of both teams disqualified themselves by their actions, but yet he did not act officially on the case.

The meeting of the Capital Basketball League, which was to have been held last night to consider the withdrawal of the Corcoran Cadets, Columbia Athletic Club, and Ordway Rifles, will be held tonight and there promise to be some lively times.

# SENATOR GALLINGER HAS COMPULSORY SCHOOL BILL

## Measure Will Be Presented to Senate by Vermont Solon Next Monday.

Every parent or guardian will be required to send to either a public, private or parochial school during the period of each school year the children between the ages of eight and fourteen years under their charge, if a compulsory school bill that Senator Gallinger, chairman of the Senate Committee, will introduce in the Senate next Monday, receives favorable consideration.

The bill was originally introduced at the Fifth-eighth session of the Senate, but failed to receive final consideration. The Senator will also introduce, on the same day, an amendment to sections two, ten, and twelve of an act entitled "An act to provide for the appointment of a sealer of weights and measures."

# DRASTIC MEASURE AIMED AT CORPORATION GRAFT

## Representative Fuller Introduces Bill Calling for Fine and Imprisonment for Congressmen Found Guilty.

Representative Fuller strikes at "corporation graft," in a bill introduced in the House, forbidding, under a penalty of a fine of not less than \$1,000 nor more than \$50,000 and imprisonment ranging from one to ten years, and Senator or Representative to hold any office in, or to be in any way employed in, any corporation or joint stock company.

The measure further forbids Representatives and Senators receiving any compensation "for services rendered" to any corporation.

The terms of the bill also include in this connection "any person holding an office or employment in the civil service of the Government" or in any Government department.

## WENT ABOUT DOING GOOD.

BURLINGTON, N. J., Dec. 8.—A memorial tablet has been placed in the Rakestraw Sunday school, near Bustleton, to the memory of the Rev. Charles Smith, who worked in that vicinity as a circuit preacher for many years. His death occurred a few months ago, at the age of seventy-two years. The tablet bears the inscription, "He went about doing good."

# DESIRE GOVERNMENT COLD STORAGE PLANT

## National Warehousemen's Convention Here Appoints Committee to Try to Have Congress Give Uncle Sam One for Experimental Purposes.

At this morning's session of the National Warehousemen's Association convention, the officers who have presided over that body for the last four years were re-elected. They are W. E. Robinson of Philadelphia, president; Albert H. Read, of Washington, vice president; and Walter C. Reid, of New York, secretary and treasurer.

The convention has been occupied today in the discussion of a list of questions presented by the members upon the workings of cold storage. A steering committee of three was appointed

to confer with the Committee of Agriculture of the House and with Speaker Cannon to obtain an appropriation of \$100,000 with which to establish an experimental cold storage plant. The convention will formally adjourn tonight after choosing a place for next year's meeting.

Last night at the New Willard, the annual banquet was served. The association entertained a number of guests.

**"Sample" waists**  
Were \$12.50 to \$16.50, choice.....  
**\$7.50**  
Sample Waists are always greatly in demand, because they are always extra well made, and the price is usually about half retail worth. We have just 5 of these Sample Waists, and they are made of hand-embroidered French mull—all over lace—or imported radium silk. The Silk Waists are in various colors. They are all elaborately trimmed—some with lace. All sizes from 34 to 40. Good chance to buy an extra dress waist for one's self—or to give.

**Coats, \$8.50 and \$11.75—two rare values**  
A saving of \$3 or more on each coat—and in the best styles possible to find.  
**\$8.50 coat—worth \$12.00**  
Stylishly made, of brown and gray mixed cloths—nice dark shades that will give splendid service. Coats are 40 and 50 inches long and made in very loose box coat effect, double-breasted or fly-front and lapel collar. All sizes.  
**\$11.75 coat—worth \$15**  
Coats are of nice weight Kersey, made extra full in pleated style; collarless and with braid trimming about neck.  
To this lot we have also added a few odd styles from regular stock, of which we had not all sizes. Rare bargains in any one you may choose.

**\$5.00 and \$5.98 skirts yet to be had at \$3.95**  
The sale at this great saving continues because we had to buy heavily in order to get the low enough to name such a price.  
**Choice of all-wool chev or broadcloth skirts in blue or black**  
These skirts are made in pleated and flared styles; any length, and any size waist bands—this means that large women will find skirts to fit. Nothing for months to equal this offering.
